No, if there are no entities meeting the requirements for a grant award in a particular area, or willing to serve that area, the Department will not award funds for that service area. The funds that otherwise would have been allocated to that area under § 684.270 will be distributed to other INA program grantees, or used for other program purposes such as technical assistance and training (TAT). Unawarded funds used for technical assistance and training are in addition to, and not subject to the limitations on, amounts reserved under § 684.270(e). | <p>§ 668.296 How are WIA funds allocated to INA grantees? (a) Except for reserved funds described in paragraph (e) of this section and funds used for program purposes under § 668.294, all funds available for WIA section 166(d)(2)(A)(i) comprehensive workforce investment services program at the beginning of a Program Year will be allocated to Native American grantees for their designated geographic service areas. (b) Each INA grantee will receive the sum of the funds calculated under the following formula: (1) One-quarter of the funds available will be allocated on the basis of the number of unemployed Native American persons in the grantees' designated INA service area(s) compared to all such persons in all such areas in the United States. (2) Three-quarters of the funds available will be allocated on the basis of the number of Native American persons in poverty in the grantees' designated INA service area(s) as compared to all such persons in all such areas in the United States. (3) The data and definitions used to implement these formulas is provided by the U.S. Bureau of the Census. (c) In years immediately following the use of new data in the formula described in paragraph (b) of this section, based upon criteria to be described in the SGA, we may utilize a hold harmless factor to reduce the disruption in grantee services which would otherwise result from changes in funding levels. This factor will be determined in consultation with the grantee community and the Native American Employment and Training Council. (d) We may reallocate funds from one INA grantee to another if a grantee is unable to serve its area for any reason, such as audit or debt problems, criminal activity, internal (political) strife, or lack of ability or interest. Funds may also be reallocated if a grantee has carry-in excess of 20 percent of the total funds available to it. Carry-in amounts greater than 20 percent but less than 25 percent of total funds available may be allowed under an approved waiver issued by DINAP.</p> | <p>§ 684.270 How are Workforce Innovation and Opportunity Act funds allocated to Indian and Native American program grantees?
